Achieve a competitive advantage in safety management

Team Safety

Monday, April 26, 2010 8:00 am – 5:00 pm

Team Safety shows you how to make group safety efforts work for your organization. You'll learn how to build an effective safety team, or get the most from the team you've already got. The course includes a self-assessment of your level of understanding, and interactive exercises for an opportunity to use your newly learned concepts.

The result: The more effective your safety team, the more measurable improvements for your organization.

Who should attend?

You should attend if you are safety, health, or management personnel responsible for putting together safety teams, but who may lack experience in team building.

What you'll learn:

- ✓ Recognize and use key safety and health terminology, as well as team safety concepts and techniques.
- ✓ Plan for and create an effective safety team.
- ✓ Identify training and development needs of team members.
- ✓ Practice your communication skills to conduct productive meetings with your team.
- ✓ Learn how to help your team influence your organization.
- ✓ Build stronger meeting management skills.
- ✓ Give your team the tools to make a positive impact on your organization's safety culture.
