New Orleans

## NSC First Aid & Adult CPR & AED Course

Wednesday, June 13, 2012, 8am – 3:30pm

### REGULATORY REQUIREMENTS

The Code of Federal Regulation for General Industry, CFR 1910.151(b) Medical Services and First Aid, states: “(b) In the absence of an infirmary, clinic, or hospital in near proximity to the workplace which is used for the treatment of all injured employees, a person or persons shall be adequately trained to render first aid...” Also, Louisiana Department of Labor Workers’ Compensation 10-Point Safety Plan requires a trained person on every jobsite on every shift. (The full text and clarification of training requirements can be found at <http://www.osha.gov> and [http://www.laworks.net/WorkersComp/Safety/OWC\\_10pointsafety.asp](http://www.laworks.net/WorkersComp/Safety/OWC_10pointsafety.asp) respectively.) With few exceptions, every employer, regardless of size, is required to have enough employees trained in First Aid & CPR to quickly respond to the hazards which can be reasonably expected to occur in the workplace.

### IS YOUR COMPANY PREPARED?

National Safety Council’s 8-Hour Standard First Aid & Adult CPR Course meets the CFR 1910.151 OSHA Standard, Coast Guard and most Workers’ Compensation Insurance requirements. Instructors are certified by the National Safety Council.

### FACTS AND STATS – Each year

- 2 million are hospitalized because of injuries
- 140,000 die from injuries
- 150,000 die from strokes
- 500,000 die from heart attacks
- Motor vehicles crashes cause about 40,000 deaths
